**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Board of Directors and Stockholders  
Isaak Bond Investments, Inc. and Subsidiary  
Denver, Colorado

We have audited the accompanying consolidated statement of financial condition of Isaak Bond Investments, Inc. and Subsidiary (the "Company") as of December 31, 2015, and the related notes to the consolidated financial statement. This consolidated financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this consolidated financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated statement of financial condition referred to above presents fairly, in all material respects, the financial condition of Isaak Bond Investments, Inc. and Subsidiary as of December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

## Notes to Consolidated Financial Statement

### Note 1 - Description of Business and Summary of Significant Accounting Policies

Isaak Bond Investments, Inc. and Subsidiary (the "Company") is a Colorado corporation established on March 1, 1977. On July 1, 2010, the Company elected S corporation status. The Company is registered as a broker-dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company's primary operation is proprietary trading of municipal bond securities. The Company's wholly owned subsidiary, Funds Management Corp. ("Management Corp."), has been dormant for several years.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer and promptly transmits all customer funds and securities to the clearing broker-dealer. The Company's clearing broker is Southwest Securities, Inc. ("Southwest Securities"). Southwest Securities carries all of the accounts of customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer.

#### Principles of Consolidation

The accompanying consolidated financial statement includes the accounts of Isaak Bond Investments, Inc. and its subsidiary, Management Corp. All intercompany accounts and transactions have been eliminated in consolidation.

#### Cash and Cash Equivalents

The Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company continually monitors its positions with, and the credit quality of, the financial institutions with which it invests.

#### Due from Clearing Broker and Dealers and Other Receivables

Due from clearing broker and dealers are recorded as trades are executed on a trade-date basis. The Company has not provided a reserve for uncollectible accounts, as management believes all receivables are fully collectible.

#### Property and Equipment

Property and equipment is stated at cost. Depreciation is provided utilizing straight-line and accelerated methods over the estimated useful lives for owned assets, ranging from three to seven years.

#### Clearing Deposit and Other Assets

Other assets include \$50,267 deposited with Southwest Securities to offset certain risks assumed by Southwest Securities related to the clearing and settling of securities and cash transactions on behalf of the Company.

## Notes to Consolidated Financial Statement

### Note 1 - Description of Business and Summary of Significant Accounting Policies (continued)

#### Concentrations of Credit Risk

Financial instruments, which potentially subject the Company to concentration of credit risk, consist principally of cash and securities owned. The Company places its temporary cash investments with what management believes are high-credit, quality financial institutions. Securities owned consist primarily of municipal bond securities invested in a diversified portfolio of municipal bond positions.

Securities transactions are initiated on a fully disclosed basis with Southwest Securities. Under the terms of the clearing agreement, the Company is ultimately responsible for the executing of transactions and the contractual obligations thereunder. In conjunction with the clearing broker, the Company seeks to control the risks of activities and is required to maintain collateral in compliance with various regulatory and internal guidelines. Compliance with the various guidelines is monitored daily and, pursuant to such guidelines, the Company may be required to deposit additional collateral or reduce positions when necessary.

The Company is engaged in various trading and brokerage activities where counterparties primarily include broker-dealers, banks, and other financial institutions. In the event these counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

Market risk arises due to fluctuations in interest rates and market prices that may result in changes in the values of trading instruments. The Company manages its exposure to market risk resulting from trading activities through its risk management function. Risk reports are reviewed daily by management to mitigate market risk.

#### Derivative Financial Instruments

Derivative financial instruments used for trading purposes are carried at fair value. These derivative instruments consist principally of future contracts to purchase or sell government securities. Fair values are based upon quoted market prices. The fair value of those financial instruments is recorded in securities owned or due to clearing broker, as appropriate.

## Notes to Consolidated Financial Statement

### Note 1 - Description of Business and Summary of Significant Accounting Policies (continued)

#### Fair Value Accounting

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1: Quoted prices in active markets for identical assets or liabilities;
- Level 2: Quoted prices in active markets for similar assets and liabilities and inputs that are observable for the asset or liability; or
- Level 3: Unobservable inputs in which there is little or no market data, which requires the reporting entity to develop its own assumptions.

The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

#### Securities Owned

Municipal securities owned and investment securities are valued at fair value based on trade activity within a publicly observable marketplace.

#### Income Taxes

The Company has elected to be treated as an S corporation for income tax purposes. Accordingly, taxable income and losses of the Company are reported on the income tax returns of the Company's stockholders, and no provision for income taxes has been recorded in the accompanying consolidated financial statement.

The Company follows the guidance of ASC Topic 740, *Accounting for Uncertainty in Income Taxes*. ASC Topic 740 prescribes a more-likely-than-not recognition threshold and a measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The interpretation also provides guidance on the related derecognition, classification, interest and penalties, accounting for interim periods, and disclosure and transition of uncertain tax positions.

## Notes to Consolidated Financial Statement

### Note 1 - Description of Business and Summary of Significant Accounting Policies (continued)

#### Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statement. Actual results could differ from those estimates.

### Note 2 - Fair Value Accounting

The following table sets forth by level, within the fair value hierarchy, the Company's investment assets at fair value on a recurring basis as of December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Equities	\$ 12,767	\$ -	\$ -	\$ 12,767
US Treasuries	2,703	-	-	2,703
Municipal bonds	-	833,404	-	833,404
Corporate bonds	-	1,515,552	-	1,515,552
Total	<u>\$ 15,470</u>	<u>\$ 2,348,956</u>	<u>\$ -</u>	<u>\$ 2,364,426</u>

The Company values equities and US Treasuries based on readily available marketplace quotes from stock exchanges and Treasury dealers based on high volume of specified securities. Municipal and corporate bonds are valued based on trades of the bonds within a publicly observable marketplace. The bond market is based on negotiated contracts between a limited number of parties rather than high-volume exchange transactions. The pricing of bonds can be determined through review of transactions involving the specified bond or a like-kind bond.

### Note 3 - Due to Clearing Broker

The Company clears its proprietary trades through another broker-dealer. The Company is required to maintain securities reserve and other collateral accounts with the Company's broker with a balance at all times equal to or greater than the margin requirement on the underlying securities. At December 31, 2015, the Company maintained \$1,662,310 in these accounts. This amount is netted against the amount payable to the broker-dealer. This payable is collateralized by securities owned by the Company. The Company met all margin requirements, as determined by the clearing broker, as of December 31, 2015.

## Notes to Consolidated Financial Statement

### Note 4 – Capital Leases – Future Minimum Lease Payments

The Company leases office equipment under an agreement that is classified as a capital lease. The cost of equipment under capital leases is included in the consolidated statement of financial condition as property and equipment and was \$10,242 for the year ended December 31, 2015. Accumulated amortization of the leased equipment at December 31, 2015 was approximately \$3,584.

The future minimum lease payments required under the capital lease and the present value of the net minimum lease payments as of December 31, 2015 are as follows:

#### Year Ending December 31

2016	\$	2,529
2017		2,529
2018		2,529
2019		<u>632</u>
		8,219
Less amount representing interest		<u>(1,047)</u>
Capital lease obligation	\$	<u><u>7,172</u></u>

### Note 5 - Commitments

#### Operating Leases

The Company leases facilities under non-cancelable operating leases.

Future minimum lease payments under these leases are approximately as follows:

#### Year Ending December 31, 2015

2016	\$	51,800
2017		53,400
2018		<u>31,700</u>
	\$	<u><u>136,900</u></u>

# ISAAK BOND INVESTMENTS, INC. AND SUBSIDIARY

## Notes to Consolidated Financial Statement

### Note 6 - Subordinated Debt

Borrowings under subordination agreements at December 31, 2015 are owed to the Company's majority stockholder as follows:

Interest at prime plus 2% (5.5% at December 31, 2015), \$100,000 due March 31, 2017, \$261,000 due May 31, 2017, \$100,000 due October 31, 2017, and \$400,000 due August 30, 2018	\$ <u>861,000</u>
--	-------------------

The subordinated borrowings are unsecured and are covered by agreements approved by FINRA and are thus available in computing net capital under the Securities and Exchange Commission's Uniform Net Capital Rule ("Rule 15c3-1").

### Note 7 - Employee Benefit Plan

The Company's Section 401(k) profit sharing plan covers substantially all full-time employees. The Company's profit sharing contributions to this plan are determined annually by the Board of Directors and vest over a period from two to six years of service. In addition, the Company has a discretionary match of up to 6% of employee salary deferrals. For the year ended December 31, 2015, the Company did not make a profit sharing contribution.

### Note 8 - Related Party Transactions

One of the Company's customers is a partnership, where the general partner is related to the majority stockholder. In addition to providing investment advisory services, the Company performs certain administrative services for the partnership. The amount due from the partnership was \$44,750 as of December 31, 2015. In addition the Company had due to the partnership \$24,402 as of December 31, 2015.

### Note 9 - Net Capital Requirements

The Company is subject to Rule 15c3-1, which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2015, the Company had net capital of \$1,707,354, which was \$1,607,354 in excess of its minimum net capital of \$100,000. The Company's net capital ratio was 0.22 to 1.

## Notes to Consolidated Financial Statement

### Note 10 - Subsequent Events

The Company has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance, and had determined there are no material events requiring recognition or additional disclosure as of that date.
